

Heavy Metal-Free Declaration

Hess Pumice Products, Inc. is a producer and exporter of pumice powder in various particle size gradations. We certify that all products processed by Hess are free from pesticides and are composed of 100% natural minerals with no chemical additions or alternations. Additionally, the mine source of the pumice has been tested by SGS Laboratories and found to be free of heavy metals.

A handwritten signature in blue ink, appearing to read "Brian K. Jeppsen".

Brian K. Jeppsen
